Fall 2007

HW#4 -- Design Brainstorming Session -- Due Sept. 18 by class-time

Please send Dr. Lemley an e-mail with an attachment that documents the results of your first team meeting. Note your team should focus on defining the problem and an initial brainstorming session for the design related to your assigned problem from Chapter Three of the *Engineering Design and Problem Solving* textbook. **Note: Your e-mail should have the following words in the subject line: Team #?, HW#4, Brainstorming.** Please insert your team number. Also indicate in the e-mail who your team leader is. There should be only one e-mail received per team - in your meeting please either choose someone to do all communication or allow the team leader to send communications.
