

ENGR 3203 Project
Fall 2007

1. The proposed project should be one of the following:
 1. Experiment(s):
 1. Any four experiments from the thermal experiments in the ME Lab (Howell 106).
 2. An experiment that has been designed by you – with approval of Dr. Lemley
 2. A simulation or other analysis
 1. This should be a design or optimization problem

2. Deliverables
 1. Formal Report to be turned in by 5:00 p.m. on day of final (12/12/07)
 2. For an experiment - a copy of the lab notebook pages should be scanned and included in the report.
 3. Report should follow the standard American Society of Mechanical Engineer's format. See the following links:
 1. Template for our reports [report_template.doc](#)
 2. ASME web-site with formatting details [ASME Paper Link](#)
