

**ENGR 4412 & ENGR 4422 Senior Engineering Design
UCO Physics and Engineering
Project and Committee Selection Form**

This form should be used to declare your project for the Senior Engineering Design course and to select a committee to oversee the project. The form is to be turned in to the faculty member that is instructing the course and included in the Project Proposal document. Please turn in a copy of this form by **Friday September 3, 2004 at 5:00 p.m.**

Name:

--

Project Title:

--

Brief Description of the Project:

--

You need to have a faculty member from the Dept. of Physics and Engineering that will serve as the Faculty Director. The Faculty Director will serve as the first member of the committee that will review and approve the final project.

Faculty Director:

Printed Name	Signature	Date
--------------	-----------	------

You must also have at least one (1) additional committee member. One of these additional members must be a faculty member. The additional committee members may include persons external to UCO.

Additional Committee Member #1:

Printed Name	Signature	Date
Contact (Company / e-mail / phone):		

Additional Committee Member #2 (optional):
